EXPERTISE

- Financial strategy development for business enterprises
- Operational studies and forecasting for proposed enterprises
- Consulting on organisational structure and management framework
- Professional practice governance and management
- Career mentoring and goal congruence
- Career transition and outplacement counselling

EXPERIENCE

Geoff has an extensive financial background in both accounting public practice and business consulting with exposure to other private enterprises as a shareholder.

Geoff's entire professional career has been in the practising accounting profession, almost all of it a principal and partner level. For several years Geoff was Managing Partner of a large accounting practice in the Northern Territory and South Australia with responsibility for five far flung offices. The experience gained has created a demand for Geoff's professional firm management and governance skills and he now acts as adviser and chairman to several firms.

The governance skills and experience have extended to involvement in sports administration where Geoff was President of Rugby SA for 12 years and he has for the past six years been the Treasurer of Aged Care & Housing Group Inc.
