- Technology utilisation, implementation and analysis
- Project coordination and management
- Information security
- Strategic and business planning
- Coaching and mentoring
- Facilitation

EXPERIENCE

Nicola has a broad background in management, project management and information technology and security in the public and private sector with a focus on small to medium enterprise and local government.

As a consultant Nicola has been engaged in business planning, research and data analysis, facilitation, governance, shared services, technology and systems implementation projects.

She has experience in HR and IT in organisations in Australia and the United Kingdom where she successfully managed corporate IT communication and training projects for a global engineering firm.

Nicola's management consulting, enterprise project management and service delivery experience combined with her passion for leading, motivating and mentoring people assists her clients to address human and technology challenges with a focus on utilising technology for competitive advantage.
